PROFILE

I am a hard-working person and I always try to broaden my skills. I have finally found what I want to do in life which is coding whether that is making a website or creating mini games from HTML5, CSS3 and JavaScript. I love keeping my brain active while I work and creating code is perfect as for me, I have to keep thinking about every situation within that code. Also fixing puzzles of code that may not be working because of a small issue is very interesting to me.

KEY SKILLS

- **Sports Massage** – I have always enjoyed massaging in general however with five years of sports massage experience I naturally prefer and excel in this.
- **Communication, People skills** – I have years of experience talking to clients and working within team environments.
- **Multiple Treatment Skills** – I have gained a vast amount of treatment techniques and have gained qualifications in dry needling.
- **Full driving license** – Driving since 2012 with no claims.
